Fearless Beauty - Mikey Moran 2021-05-04

Mikey Moran had only a single advantage when he started his hair and beauty business: his idea was different from anything he'd seen in the industry. Seven years later, Mikey has expanded

his original idea into ten different brands, five retail locations, and one partnership with global e-commerce giant Shopify. Now Mikey wants to share what he's learned so burgeoning entrepreneurs have a bigger advantage than he had. In Fearless Beauty, Mikey provides you with a roadmap to achieve success easier, faster, and more efficiently than you ever thought

possible. He shows you how to think like an entrepreneur by introducing you to practical theories that should guide every decision, then presents a step-by-step plan for taking action and getting started. You'll learn core marketing techniques that yield the biggest impact, how to select the best web platform for your business, and why consistency-or a lack of it-can make or break you. No matter your industry or where you are in the process of becoming an entrepreneur, you'll gain insightful strategies for maximizing returns and enjoying every step in the journey of your business.

The Art of Startup Fundraising - Alejandro Cremades 2016-04-11

Startup money is moving online, and this guide shows you how it works. The Art of Startup Fundraising takes a fresh look at raising money for startups, with a focus on the changing face of startup finance. New regulations are making the old go-to advice less relevant, as startup money is increasingly moving online. These new waters are all but uncharted—and founders need an accessible guide. This book helps you navigate the online world of startup fundraising with easy-to-follow explanations and expert

perspective on the new digital world of finance. You'll find tips and tricks on raising money and investing in startups from early stage to growth stage, and develop a clear strategy based on the new realities surrounding today's startup landscape. The finance world is in a massive state of flux. Changes are occurring at an increasing pace in all sectors, but few more intensely than the startup sphere. When the paradigm changes, your processes must change with it. This book shows you how startup funding works, with expert coaching toward the new rules on the field. Learn how the JOBS Act impacts the fundraising model Gain insight on startups from early stage to growth stage Find the money you need to get your venture going Craft your pitch and optimize the strategy Build momentum Identify the right investors Avoid the common mistakes Don't rely on the "how we did it" tales from superstar startups, as these stories are unique and applied to exceptional scenarios. The game has changed, and playing by the old

rules only gets you left behind. Whether you're founding a startup or looking to invest, *The Art of Startup Fundraising* provides the up-to-the-minute guidance you need.

Reality In Advertising - Rosser Reeves
2017-06-09

Rarely has a book about advertising created such a commotion as this brilliant account of the principles of successful advertising. Published in 1961, *Reality in Advertising* was listed for weeks on the general best-seller lists, and is today acknowledged to be advertising's greatest classic. It has been translated into twelve languages and has been published in twenty-one separate editions in fifteen countries. Leading business executives, and the advertising cognoscenti, hail it as "the best book for professionals that has ever come out of Madison

Avenue." Rosser Reeves says: "The book attempts to formulate certain theories of advertising, many quite new, and all based on 30 years of intensive research." These theories, whose value has been proved in the marketplace, all revolve around the central concept that success in selling a product is the key criterion of advertising. She Reads Truth - Raechel Myers 2016-10-04
She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? She Reads Truth tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but

about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, She Reads Truth is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

How to Write a Great Business Plan - William A. Sahlman 2008-03-01

Judging by all the hoopla surrounding business plans, you'd think the only things standing between would-be entrepreneurs and spectacular success are glossy five-color charts, bundles of meticulous-looking spreadsheets, and decades of month-by-month financial projections. Yet nothing could be further from the truth. In fact, often the more elaborately

crafted a business plan, the more likely the venture is to flop. Why? Most plans waste too much ink on numbers and devote too little to information that really matters to investors. The result? Investors discount them. In *How to Write a Great Business Plan*, William A. Sahlman shows how to avoid this all-too-common mistake by ensuring that your plan assesses the factors critical to every new venture: The people—the individuals launching and leading the venture and outside parties providing key services or important resources The opportunity—what the business will sell and to whom, and whether the venture can grow and how fast The context—the regulatory environment, interest rates, demographic trends, and other forces shaping the venture's fate Risk and reward—what can go wrong and right, and how the entrepreneurial team will respond Timely in this age of innovation, *How to Write a Great Business Plan* helps you give your new venture the best possible chances for success.

Business Plan For Beauty Salon Template -

Molly Elodie Rose 2020-03-03

This business book is different. Unlike every other book you'll read with titles like "How To Craft The Perfect Business Plan in 89 Incredibly Simple Steps", this book is different. It's a simple "How To" guide for creating a Business Plan

that's right for you and your business and also an easy to follow workbook. The workbook will guide you through the process you need to follow. It tells you the questions that you need to consider, the numbers you need (and how to get them), and supporting documents you need to gather. The main purpose of a business plan is to aid YOU in running YOUR business. So the workbook has been designed for you to write the information in and refer back to as needed. If you need to supply your Business Plan to another party, such as a bank if you're looking for finance, then it's simple to type up the various sections for a professional document. Running your own business is both a challenging and daunting prospect. With a well-thought-out business plan in place (anticipating the challenges you'll face AND the solutions) it will be much less daunting and much more exciting. Good luck! Molly

[24-hour Business Plan Template](#) - Steven Fies
2015-09-03

Writing a business plan should be simple, dynamic, and straightforward. More importantly, it must be a FUNCTIONAL tool that advances you forward towards your goals -- rather than holding you back due to endless tinkering and perfecting of your plan without taking action. Enter the 24 Hour Business Plan Template, your functional tool to get you there as efficiently as possible. This is a complete guide that includes a downloadable pre-formatted business plan template and cash flow spreadsheet to help you get started. In the book, I lay out the method I personally used to plan my own business - and in

doing so, leave my full-time job and start my business on a full-time basis within seven months. My plan itself was constructed in under 24 hours on January 1, 2015 as my new years resolution; the remainder of the time spent was executing this plan over time. In the book you'll learn how to do the same, or close to it at the very least - and you'll begin to understand why this efficiency in the beginning is so important. To reiterate, it's important to get to the action-taking phase as soon as possible. This cannot be overstated enough. Successful entrepreneurs and authors like Eric Ries, Gabriel Weinberg, and Justin Mares tout this very principle in their books *The Lean Startup* and *Traction* -- the simple fact is, it's much easier to make progress by taking action and adapting over time vs. trying to get everything perfect the first time around. Too much time can be spent getting stuck in your head due to information paralysis or perfectionism, only to wake up one day realizing you've actually done nothing concrete

at all to advance your goals. Don't be this person! Get up out of your chair and take action to make your goals happen. Realize that it may take several iterations of creating a business plan, or cycling through various ideas, before you feel confident in moving forward with one in particular. This is okay -- and in fact, it's the exact reason why you need to be efficient during the initial planning and evaluation stage. Much better to spent one or two weeks cycling through 5-10 ideas than an entire year getting nowhere. In this book, we'll cover the following topics: - The importance of validation, and how to validate your business idea. -The key elements of designing an amazing cover page for your business plan. -How to write an executive summary, and why it must be written last after everything else. -The proper elements that make up your Company Objectives section. -The right approach to laying out your Products & Services section. -How to setup a target customer profile including the right questions to ask. -Websites

and tables that will greatly simplify your industry and competitor analyses. -Several possibilities for getting started with sales and marketing, and the difference between each. - The key elements that will comprise your operational plan and any business logistics. - What roles need to be defined in your Management section. -The preferred formats and metrics to use in your business capitalization (initial funding) section. -How to lay out your financial plan, both for your business and your personal finances. Please know fat was trimmed from every section of this book to ensure you can get through it and understand the key principles quickly and move on to actually creating your own plan. Only the critical elements were left in, with additional explanation added at key junctions to ensure comprehension. Whether you're venturing out for your first time as an entrepreneur, or you're a seasoned veteran looking for a no-nonsense way to manage the planning process for your

next venture, 24 Hour Business Plan Template belongs on your tool belt.

[From Beauty to Business](#) - Kiyah Wright

2022-05-24

You know you have the talent to make it in the beauty industry, but figuring out where to begin can feel like a mystery—and cosmetology schools often don't prepare students for the business end of these jobs . . . which can make or break your career. Consider this book your crash course on how current and aspiring beauty professionals can profit from their passions to create wealth beyond their wildest dreams. Entrepreneur and celebrity hairstylist Kiyah Wright knows exactly what it takes to amass wealth in the hair and beauty industry. From the time she was just 14 years old and doing hair in her grandmother's basement for \$20 a pop, Kiyah had found her calling. By 17, she had 200 clients and netted over \$60K a year. Now, 25 years later, she's at the top of her game with A-List Hollywood clientele, two Emmy Awards, two

Hollywood Beauty Awards, a thriving business, and a million-dollar brand. In *From Beauty to Business*, Wright breaks down her seven proven success principles that helped her achieve her goals: Developing a success mindset
Understanding the business of the beauty business
Finding your niche
Diversifying with multiple streams of income
Growing your platform to grow your profits
Preparing for the unexpected
Planning for your future
She also lays out crucial success strategies not taught in hair or beauty schools about entrepreneurship, finance, branding, marketing, product distribution, how to harness the power of social media, and how to build wealth. Whether you're working from your house or a salon, *From Beauty to Business* will set you up for success with practical tools for thriving in the beauty business on your own terms. This first-of-its-kind sourcebook features Kiyah's favorite success affirmations, industry-themed business templates, worksheets, and the foolproof

strategies Kiyah used to attract and retain superstar clients like Tyra Banks, Jennifer Hudson, Ciara, Iman, Taraji P. Henson, and Gabrielle Union. Whether you're looking for tips in your career as a hairstylist, makeup artist, esthetician, or other beauty professional, *From Beauty to Business* is the ultimate resource guide that will set you on a straight path to success.

[The Suitcase Entrepreneur](#) - Natalie Sisson
2017-09-05

Now in its third edition, *The Suitcase Entrepreneur* teaches readers how to package and sell their skills to earn enough money to be able to work and live anywhere, build a profitable online business, and live life on their own terms. With new material pertinent to today's business world, readers will receive the blueprint to create their ideal lifestyle and become their own digital nomad. After eight years of working in the soul-crushing bureaucracy of the corporate world, Natalie

Sisson quit her high-paying job and moved to Canada, started a blog, and cofounded a technology company. In just eighteen months she learned how to build an online platform from scratch, and then left to start her own business—which involved visiting Argentina to eat empanadas, play Ultimate Frisbee, and launch her first digital product. After five years, she now runs a six-figure business from her laptop, while living out of a suitcase and teaching entrepreneurs worldwide how to build a business and lifestyle they love. In *The Suitcase Entrepreneur* you'll learn how to establish your business online, reach a global audience, and build a virtual team to give you more free time, money, and independence. With a new introduction, as well as updated resources and information, this practical guide uncovers the three key stages of creating a self-sufficient business and how to become a successful digital nomad and live life on your own terms.

[Run Your Own Corporation](#) - Garrett Sutton

2013-02-28

“I’ve set up my corporation. Now what do I do?”

All too often business owners and real estate investors are asking this question. They have formed their protective entity – be it a corporation, LLC or LP – and don’t know what to do next. “Run Your Own Corporation” provides the solution to this very common dilemma.

Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with.

Written by Rich Dad’s Advisor Garrett Sutton, Esq., who also authored the companion edition “Start Your Own Corporation”, the book clearly identifies what must be done to properly maintain and operate your corporation entity.

From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, “Run Your Own Corporation” is a

unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, “Run Your Own Corporation is the missing link for most entrepreneurs. They’ve set up their entity, but don’t know the next steps. Garrett Sutton’s book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading.” When “Start Your Own Corporation” is combined with “Run Your Own Corporation” readers have a two book set that offers the complete corporate picture.

It tells you the questions that you need to consider, the numbers you need (and how to get them), and supporting documents you need to gather. The main purpose of a business plan is to aid YOU in running YOUR business. So the workbook has been designed for you to write the information in and refer back to as needed. If you need to supply your Business Plan to another party, such as a bank if you're looking for finance, then it's simple to type up the various sections for a professional document.

Running your own business is both a challenging and daunting prospect. With a well-thought-out business plan in place (anticipating the challenges you'll face AND the solutions) it will be much less daunting and much more exciting.

Good luck! Molly

Marketing Plan Template and Example -
Alex Genadinik 2015-12-05

Do you want to create a better marketing plan for your business which will ultimately result in better marketing and more customers for your business? If you do, then this book is for you. This book is written with entrepreneurs and small business owners in mind. If you are an entrepreneur or a small business owner, creating a marketing plan is very important because the better prepared you are, the better your marketing campaigns will do. In this book you get a marketing plan template and two

examples of marketing plans. You also get practical advice on how to plan and fill out every section of a marketing plan document. Go ahead and get this book, and let's help you create better marketing plans which will improve your company's overall marketing success. For what kind of businesses can you create a marketing plan using this book? With the strategies in this marketing book, you can create a business plan for a restaurant or diner, coffee shop, barbershop, nightclub, local event, business selling t-shirts, most kinds of stores ranging from boutiques to grocery stores to jewelry shops, animal care or grooming, lawn care or landscaping businesses, moving businesses, gym, frozen yogurt or ice cream shop, a deli, liquor store or a sandwich shop, a beauty salon or a hair salon, a spa, a daycare business, a hardware store, commercial cleaning or residential cleaning, car wash, general contractor business, dog walking or pet sitting, martial arts studio, or a dance studio. Here is a

list of potential online businesses for which you can create a marketing plan using this marketing plan book: blogging, affiliate marketing, e-learning, create a channel on YouTube, become an author and sell books on Amazon and the Kindle, or become a freelancer or a local concierge. Also recently added in the last update of this book is a marketing plan sample since many people commented that they wanted a marketing plan example. Although for my taste as an entrepreneur, I rather give you lots of practical planning strategies and theory that you can use in the real world instead of having a marketing plan template or workbook to write your marketing plan from. After all, a marketing plan is just a document. But to make your business a success, you will have to do it in the real world. So when you try to figure out how to create a business plan, don't just focus on the marketing plan document. Instead, focus on a plan for the real world with actionable and effective strategies.

The One Page Business Plan - Jim Horan 2004
Bankers require them. Business educators advocate them. Consultants make their living writing them. And venture capitalists won't give you the time of day without one... but most entrepreneurs or small business owners can't or won't write a business plan; it's just too difficult. Until now! The 1-Page Marketing Plan - Allan Dib

2021-01-25

WARNING: Do Not Read This Book If You Hate Money To build a successful business, you need to stop doing random acts of marketing and start following a reliable plan for rapid business growth. Traditionally, creating a marketing plan has been a difficult and time-consuming process, which is why it often doesn't get done. In *The 1-Page Marketing Plan*, serial entrepreneur and rebellious marketer Allan Dib reveals a marketing implementation breakthrough that makes creating a marketing plan simple and fast. It's literally a single page, divided up into nine squares. With it, you'll be able to map out your own sophisticated marketing plan and go from zero to marketing hero. Whether you're

just starting out or are an experienced entrepreneur, The 1-Page Marketing Plan is the easiest and fastest way to create a marketing plan that will propel your business growth. In this groundbreaking new book you'll discover: - How to get new customers, clients or patients and how to make more profit from existing ones. - Why "big business" style marketing could kill your business and strategies that actually work for small and medium-sized businesses. - How to close sales without being pushy, needy, or obnoxious while turning the tables and having prospects begging you to take their money. - A simple step-by-step process for creating your own personalized marketing plan that is literally one page. Simply follow along and fill in each of the nine squares that make up your own 1-Page Marketing Plan. - How to annihilate competitors and make yourself the only logical choice. - How to get amazing results on a small budget using the secrets of direct response marketing. - How to charge high prices for your products and

services and have customers actually thank you for it.

SPIN® -Selling - Neil Rackham 2020-04-28
True or false? In selling high-value products or services: 'closing' increases your chance of success; it is essential to describe the benefits of your product or service to the customer; objection handling is an important skill; open questions are more effective than closed

questions. All false, says this provocative book. Neil Rackham and his team studied more than 35,000 sales calls made by 10,000 sales people in 23 countries over 12 years. Their findings revealed that many of the methods developed for selling low-value goods just don't work for major sales. Rackham went on to introduce his SPIN-Selling method. SPIN describes the whole selling

process: Situation questions Problem questions
Implication questions Need-payoff questions
SPIN-Selling provides you with a set of simple and practical techniques which have been tried in many of today's leading companies with dramatic improvements to their sales performance.
