**Encyclopedia of Job-winning Resumes** - Myra Fournier 2006-01-01

This is the most helpful and comprehensive resume book you can buy. It includes more than 400 success-proven resume examples that teach you how to personalize your resume according to your own unique career situation. The 17 chapters contain resumes that cover all major industries, span all job levels from entry-level to CEO, and are helpfully arranged by both job field and title to make it easy for you to quickly locate the resumes that address your particular field or situation. The first chapter includes expert advice on what to include on your resume and what to omit, what to emphasize and what to tone down. It is specifically designed to keep reading to a minimum, so you can start sending out your resume as soon as possible. The second chapter, devoted to creating hard-hitting cover letters, includes 40 examples that cover a wide variety of typical career situations, while the third chapter includes 30 resumes that cover difficult circumstances. There is even a chapter devoted to students to help new graduates joining the workforce.

**Before I Say I Do** - Tara L. Thompson 2014-04-03

Rachel Simms, a business manager in a prominent law firm and a preacher's daughter, is in love and soon to be married to the man of her dreams. As the daughter of a preacher, many expect her to act out or constantly get into trouble to dispel the good girl expectations, but Rachel is the complete opposite. She is a good girl that is in love with her future husband, Corey. Wedding plans start off great, but become way too much for Rachel and Corey to handle. Fighting over flowers, cakes and party favors pushes Corey to become distant, leaving Rachel feeling a way that she had never felt before...alone. In distress, Rachel meets someone that lights a fire in her the way no other man has, including her fiancé. The bad girl that was buried deep down inside is brought out in Rachel, and it opens up a world of forbidden sexual encounters that challenge her character and everything she stands for. Now there's a race against time for Rachel to rekindle the undeniable love she once felt for Corey, or call the wedding off. As her special day quickly approaches and reality sets in, will she be able

to resume her role as the predictable “good girl”, or has that side of her diminished along with her love for Corey? Something has to change before she says I do.

**Real-resumes for Engineering Jobs** - Anne McKinney 2004

Civil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy--with REAL RESUMES in hand. - The Midwest Book Review1-885288-42-5
