2019 - Akshat Asthana 2021-07-09

2019 is a 25 day journey of the Author who claims that this book pushed his creativity to the Limit and more. No, this isn't a work of fiction, it is a real life account. In these poems you would find different emotions that circumvent the mind of a 22 year old. There are verses on love, on dark aspects of life, some break your heart while some are bound to make your day. Some poems are long, some are short. Some would seem like a proper song whereas some might seem to be excerpts of something bigger. Either way the poems are intended to have some effect on the one who reads it.

This is about revival of the entrepreneurial instincts of a people subjugated by foreign rule for 500 years inspiring Indians to look beyond jobs and venture out. Ajay the protagonist is a representative of "Age of Aspiration," which he finds as a rat race and pulls away and his search for his meaning of life propels him to become a software entrepreneur. It is also a comment on the competitive middle class society of dog eats dog where ideals, morals and ethics are routinely sacrificed on the altar of becoming successful. What aspired them? Looking beyond tangibles, he sees it as a rat race without a moral compass and little ideals. If you win you still remain a rat. The novel traces the gradual maturing of the protagonist. With a rural upbringing he is a misfit in this aspiring milieu and least likely to succeed. Can he and how? His basic goodness and upbringing helps him in negotiating the tricky environment and transforms him into a perceptive adventurer. After a listless employment and a course in computer programming he lands in Bangalore in 1998, the country's hot software destination. He has no credentials, street smartness nor the cunningness required in the job market where supply far exceeds demand. All he has is a fierce desire to succeed. Will he? During his course he befriends Mythili and feels for her but unable to express it. Will he find true love in her? He finds

A phoenix moment is when truth dawns on you and you look back on a particular thread in your life which, often though not necessarily, is a series of misfortunes or uncomfortable moments. The new understanding that comes offers a reason for this chain and the truth that emerges suggests appropriate responses which are new goals and thinking. His phoenix moment is after his girlfriend passes away in Delhi. What is his new resolve? At a young age he is made the head of new department for solving the software millennium problem, the biggest hoax of the century. He works hard, travels as the Company's troubleshooter till he decides to venture and build a global business in Elegant programming a little known methodology for creating software.
