Son of Sedonia - Ben Chaney 2012-12

Imagine growing up in the largest slum on the planet in the year 2080AD. Twenty million people are your neighbors, huddled together in an ocean of rusted dwellings made from whatever Sedonia City, the towering metropolis in the distance, decides to throw away. Gang members, known as the T99s, are the heads of your community: smuggling tech, trafficking drugs, and fighting a constant guerilla war against the City's bio-augmented EXO police force. There is little hope for survival. None for escape to a better life beyond the half-mile high Border between city and slum. This is Matteo's world. A bright kid, but sick and weak since childhood, he is painfully dependent on Jogun: loving older brother, and hardened soldier for the T99s. When a luxury transport from Sedonia's aerial traffic crash-lands in Rasalla, it threatens to change Matteo and Jogun's fate forever. And all fates are connected. The Dwellers of Rasalla, bound by family in the scrap, ashes, and dirt. The Citizens of Sedonia, oblivious to danger in the buzzing twilight of the Neuro-Social Revolution. The EXOs, placing themselves in harm's way to perform their duty to protect their homes and fellow officers. And the Ruling Elite, whose long-buried secrets and desperate plans could spell the end of civilization...or a new beginning. *Son of Sedonia* is an action-filled science fiction epic with a soul and a clear message. Its characters live, breathe, suffer, and love in their different worlds, each brought to the brink as the Third-World collides with the First. Their future could well be ours.

Landor's Cottage - Edgar Allan Poe 2015-10-21

This vintage book contains Edgar Allen Poe's 1849 short story, "Landor's Cottage". Unlike the majority of Poe's work, this story is devoid of mystery, murder, and the macabre; instead, it is a detailed and masterful description of a lone cottage. A perfect example of Poe's famous descriptive prowess, "Landor's Cottage" will appeal to fans of his marvellous work, and is not to be missed by the discerning collector.

Edgar Allan Poe (1809-1849) was an American author, editor, poet, and critic. Most famous for his stories of mystery and horror, he was one of the first American short story writers, and is widely considered to be the inventor of the detective fiction genre. Many antiquarian books such as this are becoming increasingly rare and expensive. The Complete Practical Fishpond Book - Lloyd Mathews 2013-02-06

My aim in this book is to give essential advice on all the main aspects of freshwater garden fish ponds. I have tried to include some of the science of ponds while keeping the information easy to understand. Each chapter begins with an outline of the main points of the topic. Each point is then expanded on. My experience with ponds has mainly been in the warm temperate climate in Perth, Western Australia. The principles for fish ponds are similar worldwide but warm temperate climates like that of Perth intensify some of the problems in ponds. This book will therefore be particularly useful to pond owners in sunny climates. The book begins with pond design, starting with the position of the pond in the garden. I discuss the consequences of different pond sizes and depths, and of natural and artificial ponds. I talk about the advantages of a dual pond system. I give guidelines for these and for self-cleaning ponds. I also say why I recommend designing the pond with a sump, overflow, leaf skimmer, and automatic top-up valve. Lastly, I give my colour preference for the pond bottom and sides. Next, I advise on pond construction. Ponds can be built with concrete, bricks, rigid polyethylene, fibreglass or liners. I write about my experiences with ponds made from each of these materials and also my preferences for pipework materials. In the following chapter, I recommend various pumps, filters (including ultraviolet clarifiers), water features, underwater lights and copper ionizers. Choosing the right equipment will give you the right effect for the lowest cost and for the least effort. The chapter on fish gives information on types of fish, especially goldfish and koi. I advise on when a new pond is ready for fish and on the number of fish a pond can support. I give information on the handling, transporting, and feeding of fish, and on diseases and predators. The next chapter delivers general information on water plants, why you should have them and their role in the ecology of the pond. Plants provide shade, oxygen, food, habitat and cover from predators. They filter toxins and excessive nutrients from the water. I give advice on keeping plants, including information on fertilizer and pests. Finally, I give recommendations for pond maintenance including a routine. My advice is directed at pumps, filters, pond cleanliness, exchanging water and maintaining the pH and hardness. The maintenance is largely directed at algae control. I discuss the various forms of nuisance algae and control methods for microalgae, blanket weed, and slime algae. Other advice includes information on water testing and water treatments. Maintaining good water quality is fundamental to the success of any fish pond. "Good" water quality means the water's suitability for its proposed purpose. Water quality is affected by every aspect of a pond, from its design and construction to its pumps, filters and maintenance. Each chapter of this book tells how each aspect of the pond affects the water. Every fish pond is different. The solutions to one pond's problems may be very different to another pond's.

Perhaps as early as 1787, Austen began to write poems, stories, and plays for her own and her family's amusement. Austen later compiled "fair copies" of these early works into three bound notebooks, now referred to as the "Juvenilia," containing pieces originally written between 1787 and 1793.

Cursed to Survive - Rimma Rose 2012-11-28

Cursed to Survive is a thrilling love story set in the actual historical events of Germany at the beginning and during the Third Reich. It takes a unique look inside the mind of a patriotic German nobleman with unusual gifts and immense opportunities for glory and domination. We witness the horrors of the Holocaust through his eyes, as he falls madly in love with a daughter of a Jewish doctor in the midst of the Nazi reign. *Cursed to Survive* is an easy-to-read and passionately engaging novel. It's the story filled with tragedy, real history and a sobering analysis of love, family, friendship, patriotism and other important concepts. The novel features a beautiful, young member of the New York's high society -- Rose Blackford Stern, who in addition to her family's immense wealth and a prominent name has a highly prestigious job with the most influential fashion magazine in New York City. But as readers soon learn, having it all doesn't mean that the search for something beyond the material ever stops. Rose encounters the stunningly handsome Max at the grave of her late grandmother. Max is enigmatic and the subject of Rose's obsession from the moment they meet. Rose has a seemingly perfect life, yet she is unable to shake the emptiness that has consumed her since the death of her beloved grandmother, Aliza, three years prior. Max first meets Aliza when she is a teenage girl in pre-World War II Germany. Max comes from one of the oldest and wealthiest noble families of Europe. The attraction between Maximilian and Aliza is instant and overpowering, albeit impossible -- a German aristocrat could

never be with a Jewish commoner. As the Nazi movement gains momentum, their country is shattered and their deep mutual connection becomes deadly. Aliza loses her entire family and lives through terror and abuse before Max infiltrates the Third Reich and rescues her. Nearly seventy years later Max's unusual gifts have brought him to New York, to Aliza's granddaughter Rose, and perhaps to another chance at love.

SHORTLISTED FOR THE MAN BOOKER INTERNATIONAL PRIZE 2019
AN INTERNATIONAL BESTSELLER "Readers who like quiet, meditative works will enjoy this strangely affecting buddy story." —Publishers Weekly "Rather than tying up the loose ends, she leaves them beautifully fluttering in the wind, and you do not feel lost in that experience. The writing is poetic and it's worth savouring." —Angela Caravan, Shrapnel A bad dream leads to a strange poetic pilgrimage through Japan in this playful and profound Booker International-shortlisted novel. Gilbert Silvester, eminent scholar of beard fashions in film, wakes up one day from a dream that his wife has cheated on him. Certain the dream is a message, and unable to even look at her, he flees - immediately, irrationally, inexplicably - for Japan. In Tokyo he discovers the travel writings of the great Japanese poet Basho. Keen to cure his malaise, he decides to find solace in nature the way Basho did. Suddenly, from Gilbert's directionless crisis there emerges a purpose: a pilgrimage in the footsteps of the poet to see the moon rise over the pine islands of Matsushima. Although, of course, unlike the great poet, he will take a train. Along the way he falls into step with another pilgrim: Yosa, a young Japanese student clutching a copy of *The Complete Manual of Suicide*. Together, Gilbert and Yosa travel across Basho's disappearing Japan, one in search of his perfect ending and the other a new beginning. Serene, playful, and profound, *The Pine Islands* is a story of the transformations we seek and the ones we find along the way.

A Collection of Matt Shaw's heartbreaking dramas Matt Shaw does not just write horror. In fact, when asked what his favourite books are, he often names the tales collected within this set. Stories of heartbreak, loss and grief - all with an element of hope... A hope we often forget when dealing with grief. Their love would conquer anything and the world was their oyster. But when a tragic accident tears Josh away from Holly she realises that, without her husband, she cannot cope and her world begins to crumble; her loss being more than she can handle. Until, that is, she receives a phone call. Her late husband. The same time every day; he doesn't appear to know what has happened to him and Holly can't bring herself to tell him. She isn't even sure if it really is him calling or whether it's all in her tormented mind. Especially seeing as the calls only happen when she is alone. Is it all in her head, has she gone mad, or is heaven really calling? *Boy: Built to Love* No parent should have to bury their own child and yet that was exactly what they had to do. Stillborn; a young boy never to open his eyes to take in the world around him. And now Lucy and Jack's marriage was on the verge of crumbling under the strain of the grief they struggled to cope with. A grief made worse when the doctors tell them they'll never be able to have a child of their own due to complications from the last pregnancy. But what if it didn't have to be that way? What if there was a way of using science and technology to create a son they could love? What if Jack was able to use Artificial Intelligence to create *A Boy: Built to Love*? Is the answer to their problems to be found within the world of science-fiction or are they setting themselves up for yet more grief and sadness? *The Missing Years of Thomas Pritchard* August 3rd. 6:03am. The tranquil summer's morning was shattered by the desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in

his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did. The year was 2003; the year Thomas disappeared from his home without a trace. * * * * August 3rd. 6:03am. A young, fragile looking hand knocked confidently on the white PVC of the front door to number twenty-two. The hand belonged to a smartly dressed, skinny fourteen year old, fresh-faced boy. Whilst waiting for an answer to his knocking he slid a brown leather satchel off his shoulder down onto the floor as though the weight was too much for him to bear any more. He went to knock again but stopped himself when he heard the sound of footsteps from the other side of the door as the freshly woken homeowner came to answer his initial knocking. There was the slightest of pauses as keys were twisted in locks before the door opened as much as the strong, gold, security chain would permit it to. "Can I help you?" asked the homeowner, a frail looking woman in her late sixties. "Where's my mum?" asked the boy. The year was 2012; the year Thomas came home.

The Ghost of One's Self - Paul Meehan 2017-10-23

For millennia people have held folk beliefs about the existence of the doppelganger--"double walker" in German--a look-alike second self that is often the antithesis of one's identity and is usually considered an omen of misfortune or death. The theme of the double has inspired works by E.T.A. Hoffmann, Poe, de Maupassant, Dostoevsky and others, and has been the basis for many classic mystery, horror and science fiction movies. This critical survey examines the double in more than 100 films by such acclaimed directors as Alfred Hitchcock, Mario Bava, Roger Corman, David Cronenberg, George Romero, Fritz Lang, James Cameron, Robert Siodmak, Don Siegel, John Frankenheimer, Terry Gilliam, Brian De Palma and Roman Polanski.

This book incorporates historical sources including African oral traditions of storytelling, wood and terracotta sculptures and reading and analysis of the Benin bronze plaques through which the kings and elders of the kingdom chose to record their history. To keep up with technological advancement and opportunities, a dedicated website has been set up to provide further activities and up to date knowledge and information on the kingdom. A virtual classroom has also been created through which the author can clarify and provide additional support to teachers and pupils as necessary. Details of these websites are below. There are many more resources on the website including videos and photographs with cross curricular activities including ideas for developing writing and word work through drama and role play. This method of learning makes this unit an exciting topic for pupils to study. The kingdom, founded around 40Bc was at its height between the 14th and 16th century when it conquered neighbouring countries on the West African Coast and traded far afield with Europeans and traders from the East. It was sacked by the British in 1897 though the crown was restored in 1914, the king's authority and influence was highly diminished. However, the people's traditions and customs continue to this day. Fidelia Nimmons has a track record of achieving outstanding results with a variety of learners and has written many teaching and learning support books to this aim. Poet-Saints of Maharashtra: Selected Poems - Paul Smith 2013-10-15

POET-SAINTS OF MAHARASHTRA: SELECTED POEMS Translations & Introductions Paul Smith From the 13th to the 17th century the state of Maharashtra in India gave birth to a number of great Poet-Saints whose lives and poetry is loved today as much as it was when they lived their lives of selfless devotion and praise of the Divine Beloved. They composed their poems in slokas and abhangs that are here in the correct form and meaning, with biographies and bibliographies. Janabai (1263-1350) was born to a couple from the lowest caste. She worked as a maidservant for the father of the Poet-Saint Namdev who she cared for throughout her life. Her poetry is replete with her love for God. Namdev (1270-1350) was born in Narasi-Bamani. Soon his family moved to Pandharpur where the temple of Lord Vithoba (Krishna as a boy) is

located. He spent most his life there. He composed 2500 abhangs in Marathi. Dnyaneshwar (1275-1296) emerged as one the first original Poet-Saints to write in Marathi. He liberated 'divine knowledge' locked in Sanskrit to bring it into Marathi. At the age of 21 he entered into Sanjeevan Samadhi at Alandi. Mukta Bai (b.1279) was the younger sister of Dnyaneshwar but is a profound Poet-Saint in her own right. She wrote forty-one abhangs. Eknath (1533-1599) was a saint, scholar and poet. He is seen as a bridge between Dnyaneshwar and Namdev and Tukaram and Ramdas. Tukaram (1608-1654) was a prominent Poet-Saint during the Bhakti movement in India and is still greatly loved. Ramdas (1627-1682) was a Marathi Poet-Saint and a devotee of Lord Rama. Bahina Bai (1628-1700) was a disciple of Tukaram. Apart from her unique autobiography in verse she composed abhangs that deal with various subjects. Pages 198. COMMENTS ON PAUL SMITH'S TRANSLATION OF HAFIZ'S 'DIVAN'.
