Watkins 2010-09-08

Designed to provide a step-by-step guide to successful application of the electrical installation calculations required in day-to-day electrical engineering practice, the Electrical Installation Calculations series has proved an invaluable reference for over forty years, for both apprentices and professional electrical installation engineers alike. Now in its eighth edition, Volume 1 has been fully updated in line with the 17th Edition IEE Wiring Regulations (BS 7671:2008) and references the material covered to the Wiring Regs throughout. Essential calculations which may not necessarily feature as part of the requirements of the syllabus are retained for reference by professional electrical installation engineers based in industry, or for those students wishing to progress to higher levels of study. The

book's structure and new design make finding the required calculation easy. Key terms are explained in a glossary section and worked examples and exercises are included throughout the text to maximise accessibility of the material for the reader. A complete question and answer section is included at the back of the book to enable readers to check their understanding of the calculations presented.

2018-10-04

Bobs, beards, blondes and beyond, Hair takes us on a lavishly illustrated journey into the world of this remarkable substance and our complicated and fascinating relationship with it. Taking the key things we do to it in turn, this book captures its importance in the past and into the present: to individuals and society, for health and hygiene, in social and political challenge, in creating ideals of masculinity and womanliness, in being a vehicle for gossip, secrets and sex. Using art, film, personal

diaries, newspapers, texts and images, Susan J. Vincent unearths the stories we have told about hair and why they are important. From ginger jibes in the seventeenth century to bobbed-hair suicides in the 1920s, from hippies to Roundheads, from bearded women to smooth metrosexuals, Hair shows the significance of the stuff we nurture, remove, style and tend. You will never take it for granted again.
