The Art of Memory - Frances Amelia Yates 1966
In this classic study of how people learned to

retain vast stores of knowledge before the
invention of the printed page, Frances A. Yates

traces the art of memory from its treatment by Greek orators, through its Gothic transformations in the Middle Ages, to the occult forms it took in the Renaissance, and finally to its use in the seventeenth century. This book, the first to relate the art of memory to the history of culture as a whole, was revolutionary when it first appeared and continues to mesmerize readers with its lucid and revelatory insights.

The Memory Palace - Gill Alderman
2017-01-31

To reach the Palace, walk a path between two gardens, one box-hedged and orderly, the other wild. Climb porphyry stairs to double doors of brass. There an old man waits, like an archangel at the Gates of Paradise. But this is the Archmage, Koschei Corbillion. He looks old ... then he grows younger as he opens the doors into the Memory Palace.

How to Remember Anything - Dean Vaughn
2007-04-17

A complete applied memory program designed to help readers enhance their mental agility, memory, and public speaking skills features a ten-step method that uses the senses of sight and hearing, along with visualizations, sound-alike words, and associations of objects to assist users in connecting names and faces, finding lost objects, and recalling long strings of numbers. Original.

Mind Palace - Ron White 2016-06-01

Solomon's Memory Palace - Bob W Lingerfelt
2019-07-02

Note: This is the Large Print Edition of

Solomon's Memory Palace. "Test every fellow of the craft and every apprentice on the art of memory and science thereof." The Second William Schaw Statutes (1599) Freemasons have unique memorization needs. Long passages must be remembered verbatim, yet there are strict restrictions on writing, recording, or even speaking certain esoteric portions outside of the lodge, making unsuitable many of the memorization techniques used by the general public. Fortunately, the craft is not without its working tools. Solomon's Memory Palace provides step-by-step instructions on how to construct the rare memoria verborum memory palace and discusses the curious ties between the art of memory and Speculative Freemasonry. *Maths Unwrapped* - Mattias Ribbing 2019-11-28 Why do so many of us struggle to remember the maths we were taught at school? The answer is that we can successfully memorise things for a short period but we only retain those memories long term if we understand them. Mattias

Ribbing is a Grand Master of Memory who will show you how to remember maths through truly understanding it. His methods are simple but will last for life, and unwrap the puzzle of maths forever. The key to confidence with numbers is not remembering complex rules surrounding long division or algebra; it's understanding the critical components of maths and being able to clearly visualise problems and solutions. This illuminating guide to improving your maths provides logical, long-term strategies that will enable you to finally get maths and hold on to that level of confidence thereafter.

Memory - William Walker Atkinson 1912

How to Learn and Memorize English

Vocabulary - Anthony Metivier 2013-01-31

How to Learn and Memorize English Vocabulary ... Using a Memory Palace Specifically Designed for the English Language (and adaptable to many other languages too) Special Edition for Teachers of ESL & EFL If you'd like to improve

the ability of your students to learn English vocabulary by as much as 100%, 200%, even 300% (or more) ... using simple memory techniques that they can learn in 15-20 minutes (or less), then this may be the most important book that you as a teacher of English will ever read. Believe it or not, it doesn't matter if your students have a good memory or not. The information in this book will teach you: * Why memory is like a bicycle everyone can ride (with some minor personal adjustments). * The real reason why no one should ever be squeamish about memorization or learning a language. * Why and how some of the most famous memory skills are applicable to learning any language, especially English. * How your students can create a 26 "letter location" memory system based on the English alphabet. * Unique techniques that will have your students literally "tuning in" on the English language. * How to separate English words in the most effective manner for memorization. * Two secret ways

your students can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate the stress and apprehension English learners face as they struggle to learn English vocabulary. * And much, much more ... These techniques have been used by real language learners, most of whom previously considered themselves owners of a "bad memory" to make real strides in learning English vocabulary. Don't worry! None of these techniques are rocket science. Frankly, if your students can memorize a short email address or the name of a movie, then they can use this system to memorize a language as rich and diverse as English. Plus, everything you'll learn in this book applies to every other language that shares the same alphabet with English. And with a little imagination, the ideas are easily transferable to other alphabet systems too. But there's really no time to lose. Every day that you are not teaching your students this

simple vocabulary memorization system, you are literally stealing from yourself the joy of having students who read, speak and recall an abundance of English vocabulary thanks to how you've easily expanded the natural abilities of their minds.

How to Learn & Memorize Medical

Terminology - Anthony Metivier 2013-04-05

If you'd like to improve your ability to learn and memorize medical terminology by as much as 100%, 200%, even 300% (or more) ... using simple memory techniques that you can learn in 15-20 minutes (or less), then this may be the most important book that you will ever read. Believe it or not, it really doesn't matter if you think you have a good memory or not. The information in this book will teach you: * Why memory is like a bicycle everyone can ride (with some minor personal adjustments). * The real reason why you should never be squeamish about using memorization techniques so that you can recall medical terminology with ease. * Why

and how some of the most famous memory skills are applicable to learning any subject, especially medicine. * How you can easily create a 26 "letter location" memory system based around the alphabet to establish "medical fluency." * Unique techniques that will have you literally "tuning in" on medicine and its terminology. * How to separate and organize medical terminology in the most effective manner for memorization. * Two secret ways you can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate the stress and apprehension as you study, learn and memorize medical terminology. * And much, much more ... These techniques have been used by real medical students to make real strides in their professional careers as medical experts, most of whom previously considered themselves owners of a "bad memory." Don't worry! None of these techniques are rocket science. Frankly, if you can memorize a short email address or the

name of a movie, then you can use this system to memorize medical terminology. But there's really no time to lose. Every day that you are not using this simple memorization system, you are literally stealing from yourself the joy of being able to recall an abundance of medical terminology as you easily expand the natural abilities of your mind.

The Memory Palace - Mira Bartok 2011-08-09

The daughter of piano prodigy Norma Herr describes how she and her sister were forced by their mother's violent schizophrenic episodes to discontinue contact with her until the author's debilitating injury changed her sense of the world and enabled a healing reconciliation.

The Memory Arts - Sarah Trustman 2018-03-02

The Memory Arts is our most beautiful book to date. Full-color, with pictures on every page, this book details the simple, secret formula that will allow you to remember things better. This system, based on all the great pillars of mnemonics, was developed by husband and wife

The Memory Book - Harry Lorayne 2012-01-18

Unleash the hidden power of your mind It's there in all of us. A mental resource we don't think much about. Memory. And now there's a way to master its power. . . . Through Harry Lorayne and Jerry Lucas's simple, fail-safe memory system, you can become more effective, more imaginative, and more powerful at work, at school, in sports, and at play. • Read with speed and greater understanding. • File phone numbers, data, figures, and appointments right in your head. • Send those birthday and anniversary cards on time. • Learn foreign words and phrases with ease. • Shine in the classroom and shorten study hours. • Dominate social situations: Remember and use important personal details. Begin today. The change in your life will be unforgettable

The Memory Palace - Edward Hollis 2014-03-18

A brilliant, ambitious follow-up to *The Secret Lives of Buildings*, in which Hollis turns his focus from the great architectural constructions of the past to the now-vanished chambers they once contained. The rooms we live in are always more than just four walls. As we decorate these spaces and fill them with objects and friends, they shape our lives and become the backdrop to our sense of self. one day, the structures will be gone, but even then, traces of the stories and the memories they contained will persist. In this dazzling work of imaginative reconstruction, edward Hollis takes us to the sites of great abodes now lost to history and piecing together the fragments that remain, re-creates their vanished chambers. From Rome's palatine to the old palace of Westminster and the petit Trianon at Versailles, from the sets of MGM studios in Hollywood to the pavilions of the Crystal palace and the author's own grandmother's sitting room, *The Memory Palace* is a glittering treasure trove of luminous forgotten places and

the alluring people who lived in them.

Summary of The Memory Palace - [Keypoints and Takeaways] - PenZen Summaries

2022-10-05

The Memory Palace summary includes the key points and important takeaways from the book *The Memory Palace* by Lewis Smile. The summary of *The Memory Palace* - Learn Anything and Everything (Starting with Shakespeare and Dickens) presented here include a short overview at the start and the main points at the end of the summary. Memory Improvement Book - The Mnemonics - Andrew Kite 2020-08-14

□How to Improve Your Memory□ If I asked you for some tips on how to improve my general fitness, chances are you'd be able to give some good, solid advice. You may suggest a couple of exercises that would suit my current strength level, or give your thoughts on how to create a gym schedule to fit my lifestyle. The same may be true if I were looking for information on how to eat well, go vegetarian, or try Banting. Most folk have a pretty good idea of how to maintain

their body's health in terms of exercising and eating well. But if I asked for advice on how to train or maintain my memory, would you be able to give me some stellar tips? Memory seems to have taken a backseat when it comes to self-improvement. This baffles me! Without memories, we lose a part of ourselves. We leave behind an element of life that makes us who we are. Half-formed or half-recalled memories have the same effect. Apart from long-term memory problems, we've all experienced that frustration of not remembering what we wanted to buy at the store, or struggling to remember the name of that person we met yesterday. If I told you it's easy, fun, and effective to train your memory, just like building muscle in the gym, would you give it a try? That's what this book is designed to do-teach you easy ways to improve your memory that actually work. □What have you got to lose? Give it a go□ I guarantee you'll impress yourself with your own memorization skills after only a few weeks of practice!

Build Rapid Expertise - Peter Hollins 2020-02-19

A deconstruction of the elements of expertise, and practical step-by-step methods to reach it ASAP. Expertise - we all want it, and traditionally it would take years of intense study and practice. The Great Mental Models: General Thinking Concepts - Farnam Street 2019-12-16
The old saying goes, "To the man with a hammer, everything looks like a nail." But

anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. The Great Mental Models: General Thinking Concepts is the first book in The Great Mental Models series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them. Upgrade your mental toolbox and get the first

volume today. AUTHOR BIOGRAPHY Farnam Street (FS) is one of the world's fastest growing websites, dedicated to helping our readers master the best of what other people have already figured out. We curate, examine and explore the timeless ideas and mental models that history's brightest minds have used to live lives of purpose. Our readers include students, teachers, CEOs, coaches, athletes, artists, leaders, followers, politicians and more. They're not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. AUTHOR HOME Ottawa, Ontario, Canada

Moonwalking with Einstein - Instaread
2016-06-28

Moonwalking with Einstein by Joshua Foer | Summary & Analysis Preview: Moonwalking with Einstein recounts author Joshua Foer's yearlong journey from participant-journalist covering the national memory championships to becoming the

2006 USA World Memory Champion. Other segments offer a journalistic history of the human relationship with memory, addressing its failings, its successes, and its limitations. Most people operate according to a series of misconceptions about human memory. Above all, many believe that they have an average brain and are therefore incapable of performing mental feats such as swiftly memorizing a deck of playing cards shuffled into random order. This belief, however, is false. Memory champions are no smarter than anyone else and have unremarkable brains from a biological standpoint. The difference is in how memory champions use their brain. They employ techniques and training to overcome shortcomings that are hard-wired into the human brain anatomy. Even those who appear to possess a photographic memory likely do not and are instead employing other memorization techniques... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the

original book. Inside this Instaread Summary of Moonwalking with Einstein: · Overview of the Book · Important People · Key Takeaways · Analysis of Key Takeaways About the Author With Instaread, you can get the key takeaways, summary and analysis of a book in 15 minutes. We read every chapter, identify the key takeaways and analyze them for your convenience.

You Can Have an Amazing Memory - Dominic O'Brien 2012-01-01

The legendary eight-time winner of the World Memory Championship shares his life-changing techniques for boosting your own memory power How much easier would your life be if you had a fantastic memory? Forgetting birthdays, anniversaries, jokes and facts would be a thing of the past, and you could have any information you wanted at your fingertips. In *You Can Have an Amazing Memory*, a Grandmaster of Memory reveals to you the methods he devised to bring him success in eight World Memory

Championships. Follow him on his memory journey—and improve your own memory by plugging into his life-changing systems. This book will teach you how to:

- Enhance your life by expanding and sharpening your memory—forget forgetfulness now!
- Memorize numbers, lists, speeches, birthdays, cards, facts, names, and faces through foolproof techniques.
- Perform targeted memory exercises and measure your progress.
- Learn how to build your memory to championship level—all at your own pace.
- Use the power of improved memory to achieve new success in business, leisure, relationships and all aspects of personal fulfillment.

[How to Learn and Memorize the Psalms of the Bible](#) - Anthony Metivier 2014-07-07

If you'd like to improve your ability to learn, memorize and recall the Psalms of the Bible by as much as 100%, 200%, even 300% (or more) ... using simple memory techniques that you can learn in 15-20 minutes (or less), then this may be

the most important book that you will ever read. Believe it or not, it really doesn't matter if you think you have a good memory or not. The information in this book will teach you:

- * Why memory is like a bicycle everyone can ride (with some minor personal adjustments).
- * The real reason why no one should ever be squeamish about memorization or memorizing all 150 Psalms.
- * Why and how some of the most famous memory skills are applicable to memorizing poetry, especially the Psalms.
- * How you can easily create a "Psalm location" memory system based on an easy-to-use principle that lets you imagine your way through places you already know and love.
- * Unique memory techniques that will have you literally "tuning in" on the language of the Psalms.
- * Two secret ways you can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate your stress and apprehension as you memorize the Psalms.
- * And much, much more ...

These techniques have been used by real Bible students and scholars, most of whom previously considered themselves owners of a "bad memory," to make real strides in learning and memorizing the Psalms. Don't worry! None of these techniques are rocket science and they certainly don't require brain surgery or a PhD. Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize poetry as rich and diverse as the Psalms. Plus, everything you'll learn in this book applies to every other part of the Bible. And with a little imagination, the system you'll learn is easily transferable to other poetry too. But there's really no time to lose. Every day that you are not using this simple memorization system, you are literally stealing from yourself the joy of being able to effortlessly learn, memorize, recall and recite the Psalms as you easily expand the natural abilities of your mind.

[Fluent in 3 Months](#) - Benny Lewis 2014-03-11

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

How To Train Your Memory - Phil Chambers
2017-04-20

Do you struggle to remember people's names at social events or business networking meetings? How often do you forget where you left your keys or your phone? Have you ever walked into a room and forgotten why? A leading memory expert, Phil Chambers shows you how to make

these lapses a thing of the past. With how to: train your memory, find out how to have facts and figures at your fingertips. Give speeches from memory, remember all your passwords, rapidly learn foreign language vocabulary and make studying easier, more rewarding and fun. Written in simple step-by-step fashion, with lots of exercises and examples, you will be guided from absent-mindedness to memory mastery. Remember, Remember - Ed Cooke 2008-09-25 Kings and queens, British prime ministers, American presidents, countries of Europe... We should all know these things - but like me, you're probably resigned to being the kind of person that just never will. Now Grandmaster of Memory Ed Cooke offers up his memory secrets with a fun, quick and completely unforgettable way to remember the things you thought you never could. But this is no boring Willy, Willy, Harry, Ste. With Ed leading the way on unlikely adventures through people and places, Abraham Lincoln may become a circle of bra-wearing

hams linking arms in your mind, and you may well encounter a fridge wearing Calvin Klein underpants. You could also soon find yourself rattling off the prime ministers to a rapt audience and adding, in a knowing tone, 'ah yes, Marquess of Rockingham, Whig I believe?'. What is for sure is that you'll be bursting with knowledge that will stick in your mind and impress your friends for ever.

Mnemonics Memory Palace - Sjur Midttun 2016-06-11

What is a memory palace? And how exactly do you build one? Unlike other popular books on the subject, "How to Build a Mnemonic Memory Palace" focuses on practical, hands on advice. Information that will help you get started making your own memory palaces. Memory palaces are an ancient, somehow forgotten, method of memorizing all kinds of information. You can use them to store volumes upon volumes of information, from textbooks to poetry, speeches to general knowledge. "How to

Build a Mnemonic Memory Palace" takes you by the hand and walks you through the process, step by step. It's a no-nonsense, practical guide on how to conceive and build memory palaces, and how to feed them with the information that you want to memorize.

With over 300,000 copies sold, Unlimited Memory is a Wall Street Journal Best Seller and has been the #1 memory book on Amazon for more than two years. It has been translated into more than a dozen languages including French, Chinese, Russian, Korean, Ukrainian, and Lithuanian. Most people never tap into 10% of their potential for memory. In Unlimited Memory, you'll learn how the world's best memory masters get themselves to concentrate at will, anytime they want. When you can easily focus and concentrate on the task at hand, and store and recall useful information, you can easily double your productivity and eliminate wasted time, stress, and mistakes at work.

Mind the Memory Palace - Scott Hughey

2016-08-17

I have an addictive personality. It's why I can juggle, why I'm not allowed to gamble, why I've seen every episode of the new Doctor Who, and why I hate my boss. This is all his fault. But thanks to him buying a Rubik's cube for the company to enjoy at break time, this book exists. Take a similar journey to my own. You don't even need a Rubik's cube. This book isn't about solving puzzles. Instead, it teaches how to turn your mind into a Memory Palace that can store anything. What do you need to learn? Phone numbers, random facts, the names of people you've met, every state and its capital, or the precise order of a randomly shuffled deck of cards? I give you the keys to the items you need to remember. Whether it's to impress somebody, to stop relying so much on smart phones for remembering, or just to enjoy the parts where I talk about Star Wars and Doctor Who, there's something here for everyone.

How to Learn and Memorize French

Vocabulary - Anthony Metivier 2013-03-05

"With system taught in 'How to Learn and Memorize French Vocabulary', however, you will find that learning, retaining and using French vocabulary words has been made incredibly easy and fun." -- p. 4 of cover.

Become a SuperLearner - Jonathan Levi
2015-04-01

Develop the Skills to Learn Anything Faster, Easier, and More Effectively Written by the creators of the #1 bestselling course of the same name, this book will teach you how to "hack" your learning, reading, and memory skills, empowering you to learn everything faster and more effectively. What Would You Do If You Could Learn Anything 3 Times Faster? In our rapidly changing and information-driven society, the ability to learn quickly is the single most important skill. Whether you're a student, a professional, or simply embarking on a new hobby, you are forced to grapple with an every-increasing amount of information and

knowledge. We've all experienced the frustration of an ever-growing reading list, struggling to learn a new language, or forgetting things you learned in even your favorite subjects. This Book Will Teach You 3 Major Skills: Speed reading with high (80%+) comprehension and understanding Memory techniques for storing and recalling vast amounts of information quickly and accurately Developing the cognitive infrastructure to support this flood of new information long-term However, the SuperLearning skills you'll learn in this course are applicable to many aspects of your every day life, from remembering phone numbers to acquiring new skills or even speaking new languages. Anyone Can Develop Super-Learning Skills This course is about improving your ability to learn new skills or information quickly and effectively. We go far beyond the kinds of "speed reading" (or glorified skimming) you may have been exposed to, diving into the actual cognitive and neurological factors that make learning

easier and more successful. We also give you advanced memory techniques to grapple with the huge loads of information you'll soon be able to process. "This book should be the go-to reference for anyone looking to upgrade their mind's firmware!" -Benny Lewis, Language Learning Expert Learn How to Absorb and Retain Information in a Whole New Way - A Faster, Better Way The Authors' Proprietary Method for Teaching Speed Reading & Memory Improvement

^ You may have even taken a normal speed reading course in the past, only to realize that you didn't retain anything you read. The sad irony is that in order to properly learn things like speed reading skills and memory techniques in the past, you had to read dozens of books and psychological journals to decode the science behind it. Or, you had to hire an expensive private tutor who specializes in SuperLearning. That's what I did. And it changed my life. Fortunately, my co-authors (experts and innovators in the fields of

superlearning, memory improvement, and speed reading) agreed to help me transform their materials into the first ever digital course. Over 25,000 satisfied students later, we have transformed our course into a book you can enjoy anywhere. Our teaching methodology relies heavily on at-home exercises. The chapters themselves are only part of what you're buying. You will be practicing various exercises and assignments on a regular basis over the course a 7 week schedule. In addition to the lectures, there are hours of supplemental video and articles which are considered part of the curriculum. "This vital book contains all the tools needed to learn, memorize, and reproduce anything you want with the joy that ease brings. Don't take another class until you've read it!" - Dr. Anthony Metivier, Author & Memory Expert

If you wish to improve memory and concentration, learn more effectively, read faster, and learn the techniques of memory champions - look no further! An awesome read

that will push the limits of your brain. Levi does an incredible job of guiding you through, to bring your brain from average to UNSTOPPABLE!" -Nelson Dellis, 4-Time USA Memory Champion
Memory Palace - Royal Massey 2022-02-15
This book contains actionable information on how to harness the power of your brain and memorize anything. There are specific memory techniques that our society has failed to incorporate into the standard education model. This book will lay out those techniques, which have been used by everyone from socrates to today's grand masters of memory. This book will also present you with ways to improve your memory through your diet and daily behaviors. What you'll learn: - Advanced learning strategies to remember more in less time. - How to memorize names, dates, game cards and useful info like a superhero. - The main secret of better focus and concentration. - High-speed memory tips. - A brain-enhancing and memory

improvement menu. - An action plan for how to improve memory in two weeks. - Foreign language hacking - the best methods to learn and speak a new language. - The beginner's guide to developing photographic memory skills. This book is your complete and comprehensive guide to a better memory and improved mental resources- inside you will find everything from the optimal diet for maintaining a fantastic memory, daily memory strengthening exercises, advanced memory strategies and memory palace training, information to improve concentration and mental focus, and increasing reading speed and comprehension!
Shahnameh - Abolqasem Ferdowsi 2016-03-08
The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition A Penguin Classic Dick Davis—“our pre-eminent translator from the Persian” (The Washington Post)—has revised and expanded his acclaimed translation of

Ferdowsi's masterpiece, adding more than 100 pages of newly translated text. Davis's elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as *The Kite Runner* and the love poems of Rumi and Hafez. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history

and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Moonwalking with Einstein - Joshua Foer
2011-03-03

"Highly entertaining." —Adam Gopnik, *The New Yorker* "Funny, curious, erudite, and full of useful details about ancient techniques of training memory." —*The Boston Globe* The blockbuster phenomenon that charts an amazing journey of the mind while revolutionizing our concept of memory An instant bestseller that is poised to become a classic, *Moonwalking with Einstein* recounts Joshua Foer's yearlong quest to improve his memory under the tutelage of top "mental athletes." He draws on cutting-edge research, a surprising cultural history of remembering, and venerable tricks of the mentalist's trade to transform our understanding

of human memory. From the United States Memory Championship to deep within the author's own mind, this is an electrifying work of journalism that reminds us that, in every way that matters, we are the sum of our memories.

You are sure to find a memory training technique that is personally memorable and will alleviate all of your current memory challenges. Order this book before you have the chance to forget!
The Memory Palace of Matteo Ricci - Jonathan D. Spence 2008
In 1577 a Jesuit priest named Matteo Ricci set

out from Italy on a long journey to bring the Christian faith and Western thought to Ming dynasty China. He spent time in India and Macao before entering China in 1583 to undertake mission work. Travelling widely, Ricci learned local languages, mastered Chinese classical script, drew the first-ever map of the world in Chinese and acquired a rich appreciation of the indigenous culture of his hosts. In 1596 Ricci wrote a short book in Chinese on the art of memory for the governor of Jiangxi province, who was preparing his three sons for China's demanding civil service examinations. In it he described a 'memory palace' in which to hold knowledge such as might help the three brothers and their peers in the Ming social elite to pass their exams with

flying colours. Ricci must have hoped that, in gratitude to him for instructing them in mnemonic skills, they would use their newly won prestige to further the cause of the Catholic Church in China. To capture the complex emotional and religious drama of Ricci's life, author Jonathan Spence relates the missionary's experiences via a series of images. Four of these images derive from events described in the Bible, the others from Ricci's book on the art of memory that was circulated among members of the Ming dynasty elite. A rich and compelling narrative about a remarkable life, *The Memory Palace of Matteo Ricci* is also a significant work of global history, juxtaposing the world of Counter-Reformation Europe with that of Ming China.
