Star Wars - Pablo Hidalgo 2012

Presents a bibliographic reference to all Star Wars fiction, from film novelizations to ebook novellas, complemented by full-color artwork.

Star Wars, Knight Errant - John Jackson Miller 2012

Young Jedi Knight Kerra Holt fights for the innocents trapped in Sith territory.

The Jedi in the Lotus - Steven Rosen 2010

The Jedi in the Lotus is the first-ever examination of the Star Wars universe from a Hindu perspective, illuminating many hitherto undiscovered aspects of the background and meaning of the widely acclaimed film series. We are shown how its creators were influenced by the famed mythologist, Joseph Campbell, whose reading of the ancient Indian Epics, the Ramayana and Mahabharata, can be seen throughout the Star Wars films. This book also demonstrates how the metaphysical understanding of the Jedi Knights and the divinity conceived of as 'the Force' have resonances with teachings passed down by Hindu gurus and mystics for centuries, and how fantastic worlds and technology similar to that of the Star Wars universe were described in myths that are millennia old - and may even have had some basis in reality. Finally, The Jedi in the Lotus shows us how the Hindu traditions at the basis of Star Wars offer an alternative vision to the purely materialistic, soulless world of modernity. Steven J. Rosen (Satyaraja Dasa) is an initiated disciple of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada. He is also founding editor of the Journal of Vaishnava Studies and associate editor of Back to Godhead. He has published twenty-one books in numerous languages, including the recent Essential Hinduism (Rowman & Littlefield, 2008); The Yoga of Kirtan: Conversations on the Sacred Art of Chanting (FOLK Books, 2008); and Krishna's Other Song: A New Look at the Uddhava Gita (Praeger-Greenwood, 2010). 'In conclusion, I can only say that The Jedi in the Lotus is a breakthrough book when it comes to understanding the mythic depth of the Star Wars epics.

Steven J. Rosen uses his masterful grasp of the Eastern traditions to explain the secrets of the most successful film series ever. This book also shows us why Joseph Campbell loved the wisdom tales from India, and, for those who found the Star Wars adventures memorable, this is a truly illuminating book.' - Dr. Jonathan Young, from the Foreword

Playing Video Games - Peter Vorderer 2012-10-12

From security training simulations to war games to role-playing games, to sports games to gambling,

playing video games has become a social phenomena, and the increasing number of players that cross gender, culture, and age is on a dramatic upward trajectory. Playing Video Games: Motives, Responses, and Consequences integrates communication, psychology, and technology to examine the psychological and mediated aspects of playing video games. It is the first volume to delve deeply into these aspects of computer game play. It fits squarely into the media psychology arm of entertainment studies, the next big wave in media studies. The book targets one of the most popular and pervasive media in modern times, and it will serve to define the area of study and provide a theoretical spine for future research. This unique and timely volume will appeal to scholars, researchers, and graduate students in media studies and mass communication, psychology, and marketing.

The Caravan - Delhi Press 2018-01-10

The country's first and only publication devoted to narrative journalism, The Caravan occupies a singular position among Indian magazines. It is a new kind of magazine for a new kind of reader, one who demands both style and substance. Since its relaunch in January 2010, the magazine has earned a reputation as one of the country's most sophisticated publications—a showcase for the region's finest writers and a distinctive blend of rigorous reporting, incisive criticism and commentary, stunning photo essays, and gripping new fiction and poetry. Its commitment to great storytelling has earned it the respect of readers from around the world. □ "India's best English language magazine", The Guardian, London □ "For those with an interest in India, it has become an absolute must-read", The New Republic, Washington The Caravan fills a niche in the Indian media that has remained vacant for far too long, catering to the intellectually curious and aesthetically refined reader, who seeks a magazine of exceptional quality.

Star Wars Galaxy's Edge: Traveler's Guide to Batuu - Cole Horton 2020-06-09

Welcome to Batuu, a trading post at the edge of the galaxy where smugglers, bounty hunters, and rogue adventurers swap stories, food, and goods. Like any good tourist, you're going to need a guide book to lead you through your visit. Here is your official guide. In 2019, Disney opened a new Star Wars addition to their parks: The planet Batuu. Star Wars fans now have access to an authentic, in-world experience unlike anything they have ever seen before! This official guide to Batuu is written completely in-world, as if you are a visitor from another part of the galaxy, looking for recommendations on where to eat, sleep, and what to do during your trip to this planet. The guide also provides itineraries and descriptions of weekend trips "Beyond Batuu"; getaways to nearby planets and environs. The guide features: Full-color illustrations and maps Original content from Lucasfilm An in-world experience like no other Whether strolling in The Galaxy's Edge 15-acre park or simply being an armchair traveler, this immersive guide will delight any Star Wars fan.

Hare Krishna in the Modern World - Graham Dwyer 2013

"To most people, the words 'Hare Krishna' conjure images of robed monks with shaven heads singing and dancing, or selling copies of the Bhagavad Gita in the streets. These were indeed iconic of ISKCON (International Society for Krishna Consciousness) in its early years. Over the nearly half-century of its existence, however, the organization has changed considerably in order to remain relevant as the world around it has changed. In this volume, nine scholars, all of whom have had years of first-hand experiences with ISKCON, evaluate its successes and failures in adapting to new social and demographic circumstances while struggling to remain true to its original intentions, and offer insights into new directions that it may take in the future."--P. [4] of cover.

Fan Phenomena: Star Wars - Mika Elovaara 2014-05-14

In October 2012, the Walt Disney Company paid more than \$4 billion to acquire Lucasfilms, the film and production company responsible for Howard the Duck.

Financial Accounting, Solving Financial Accounting Problems Using Lotus 1-2-3 and Excel for Windows - Jerry J. Weygandt 2002-06-25

Available Now! Get the Study Guide designed to ensure your success in Financial Accounting! This study guide is a powerful tool for in classroom use and for preparing for exams. Each chapter of the guide

includes study objectives, a chapter review consisting of 20-30 key points, and a demonstration problem linked to study objectives in the textbook. True/false, multiple-choice, and matching questions provide additional practice opportunities. Solutions to the exercises are detailed and therefore provide substantial feedback.

Dangers to the Faith - Al Kresta 2013-05-28

A storm has been brewing in society and its treatment, views, and activities toward the Catholic Faith. Some are subtle, others are more brazen -- New Age thought, questionable spirituality, "creedless" Christianity, relativism, scientific skepticism, the triumph of technology, and even the self-styled spirituality of Oprah Winfrey. All these masquerade as "truth," making it tough for the average Catholic to know how to resist, let alone respond. No one is more qualified to pull back the curtain on the challenges the Catholic Church faces today than Al Kresta, popular Catholic author, speaker, and radio show host. A revert to Catholicism, Kresta is well known for his rigorous examination of topics in art, religion, academia, and business. *Dangers to the Faith: Recognizing Catholicism's 21st Century Opponents* is the perfect springboard for discussing the new world in which the Catholic Church exists today. Learn how to better carry out the missionary mandate of the Church. The question isn't whether you will be a witness to Christ, but whether you will be an effective witness.

Abyss - Troy Denning 2010

Luke and Ben Skywalker arrive in the mysterious part of space called The Maw in search of more clues as to what caused Jacen Solo's downfall into the dark side. They are not the only ones exploring The Maw. A Sith Master and her apprentice arrive there, too, and they're thrilled to find Luke there, as they are determined to kill him.

Star Wars Dark Legends - George Mann 2020-07-28

Read on if you dare! This unique in-world collection hallows the spooky tales and ghost stories that would have kept young Luke and Leia up at night. Created by George Mann and Grant Griffin--the same team behind the stunning *Star Wars: Myths & Fables*--these six frightful fables have been carefully woven from the expansive fabric that is the Star Wars galaxy (including the thrilling landscape from *Galaxy's Edge* at Disneyland and Disney World), and beautifully painted in a lush illustrative style that feels intergalactic yet innately archetypal and timeless.

Star Wars and the Hero's Journey - Valerie Estelle Frankel 2021-03-15

The original Star Wars trilogy famously follows Joseph Campbell's model for the hero's journey, making Luke Skywalker's story the new hero quest for a modern age. With the nine-plus film saga complete, however, new story patterns have emerged as the hero's journey is imagined over and over for characters of different ages, genders, and backgrounds. The prequels offer the plot arc of the villain's journey through Anakin. Leia and Padme, while damsels in the men's story, break out to undergo their own ordeals. The heroine's journey is exemplified by Rey and Jyn. Obi-Wan, Yoda, and Vader must accept the loss of power and fade into spirit guardians, perpetuating the lifecycle. By the sequel era, the original trio become mentors to the younger generation and finally must do the same. Meanwhile, the Mandalorian explores a different form of the quest as he transforms from immature warrior to patriarch. This book tracks the journeys of over 20 characters throughout the franchise.

Sex, Politics, and Religion in Star Wars - Douglas Brode 2012-07-02

In 1977, *Star Wars* blazed across the screen to become one of the highest grossing and most beloved movies of all time, spawning an unprecedented merchandising phenomenon. It was followed by two sequels and three prequels, all of which became blockbusters. Comic books, novels, graphic novels, and magazines devoted to the films added to the mythology of George Lucas's creation. Despite the impact of the franchise on popular culture, however, discussion of the films from a scholarly perspective has not kept pace with the films. In *Sex, Politics, and Religion in Star Wars: An Anthology*, Douglas Brode and Leah Deyneka have assembled a provocative collection of essays exploring some of the more intriguing aspects of the *Star Wars* phenomenon. Contributors to the volume tackle such hot topics as race and racism in the *Star Wars* galaxy, Judeo-Christian and Eastern religious themes, homosexual romance, and philosophical and political implications—both earthbound and otherworldly. These essays interpret the *Star Wars* universe from a variety of perspectives—including feminist and Freudian—offering insights from writers who bring a new

passion to the subject. A companion volume to *Myth, Media, and Culture in Star Wars*, *Sex, Politics, and Religion in Star Wars* is an authoritative anthology incorporating scholarly analysis with engaging insights. It will engross readers, both fans and scholars alike.

Embracing the Lotus - Gregory 2018-03-24

This is a first-person poetic narrative by a successful middle-aged man, concerning a long spiritual journey. It began when he was twenty-seven, just getting traction with his engineering career, and was awakened from his ego-unconsciousness by mystical experiences that inspired him to scribble out reams of poetry and meet his Muse. Subsequent career demands induced him to deny the mystical experiences, quit writing poetry, and fall back asleep. For two decades he was comfortable in that sleep, but during the third, the emptiness of his successful, ego-life and bouts of depression induced him to wake up enough for him to realize there was something fundamentally wrong with it. After many hours of depression and deep thinking about his life, he realized that he had to regain the sense of meaningful wholeness he had felt when in those mystical states and writing poetry. This allegorical poem is his attempt to describe that struggle to wake up out of his long ego-sleep, regain his mystical wholeness, and through the act of writing this poem, make peace with his betrayed Muse and explicate what he learned during the process.

Buddhist Prayers and Mantras - America Selby 2017-01-23

This is a very thoughtful and uplifting book of prayers and mantras. You will feel the blessings it gives. Buddhism is a religion of the mind. Much in the same way that water ripples fade, so too does Buddhism see the nature of the mind. In Buddhist philosophy, the four noble truths are the descriptions of reality revealed by the Buddha. Dissatisfaction. The cause of dissatisfaction. The end of dissatisfaction. And how to get there. The way to end dissatisfaction is called the Eightfold Noble Path and is the formula for generating only good things rather than bad, and avoiding dissatisfaction. This leads into the idea of the Triple Gem. The Triple Gem is the language used within Buddhism to describe three things. The Buddha. The Dharma. And the Sangha. The Buddha is the teacher, and also represents the potential all of us have for becoming free from our suffering. The Dharma is the teachings he revealed. And the Sangha is the community to which you can go to for support in following the path. These prayers will honor various beings known as Bodhisattvas. In several traditions of Buddhist thought, Bodhisattvas are people who are almost at Enlightenment, or the end of dissatisfaction, but stay. They stay not out of doubt or fear but out of compassion for those who they would leave behind. They vow to stay within the cycle of suffering in order to liberate the beings around them first. The prayers will also honor the Triple Gem and the nature of the mind. Within these prayers, there will be mantras used to focus the mind and to condense the teachings of a particular idea into a simple phrase. The prayers will also be written in the style of traditional Buddhist prayers, and as such will use a lot of Buddhist terminology.

The Agni and the Ecstasy - Steven Rosen 2012

The Agni and the Ecstasy compiles essays that the renowned scholar of Vaishnavism, Steven J. Rosen, has published throughout his 25-year writing career. Ranging from commentary on transcendental philosophy and scriptures such as the Bhagavad Gita, to personal reminiscences of prominent spiritual figures and devotional music, there is virtually no topic on which he does not shed illumination. This book is an excellent introduction to Rosen's work, whether one is a newcomer or a long-time reader. "T]here is something in this book for everybody. If one leans toward academia and intellectual approaches to spirituality, one will appreciate the articles included here that are informative, well-researched, and conveyed with an authoritative tone. On the other hand, if the reader prefers essays that entertain and arouse emotions - that speak to one's internal spiritual quest and a personal search for answers - then there are also pieces that address those particular needs." --from the Introduction by Steven J. Rosen "Having imbibed the passionate spirit of Srila Prabhupada, his beloved guru, and having dedicated his life to uplifting humanity through transcendental knowledge, Satyaraja is specially empowered to reach our hearts. We can rejoice upon the release of this volume of his collected articles." --from the Foreword by His Holiness Radhanath Swami Steven J. Rosen (Satyaraja Dasa) is an initiated disciple of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada. He is also founding editor of the *Journal of Vaishnava Studies* and associate editor for *Back to Godhead*. He has published more than thirty books in numerous languages, including the recent *Krishna's Other Song: A New Look at the Uddhava Gita* (Praeger, 2010); *The Jedi in*

the Lotus: Star Wars and the Hindu Tradition (Arktos, 2010) and Christ and Krishna: Where the Jordan Meets the Ganges (FOLK Books, 2011).

"Lobster is the hero who gets things done instantly . . ."Comic Book Resources

Sword Fighting in the Star Wars Universe - Nick Jamilla 2014-01-10

Unlike most makers of modern or futuristic films, George Lucas turned away from the standard special operatives or secret agents when he created the heroes for his epic Star Wars saga. Part knight, part monk, the Jedi Knights were an order of swordsmen that helped rule the universe in accordance with law and lofty principles of justice and honor. Without the Jedi, there could be no Star Wars, and without the lightsaber sword, there could be no Jedi. This examination of the Jedi Knights, their adversaries the Sith and their lightsaber swordplay throughout all six episodes of the franchise evaluates the ways in which Lucas blended science fiction with the most ancient and epic tales of traditional samurai and Western swordsmen. It presents swordsmanship as a way to better understand the Jedi Knights, focusing on the human movement and activity surrounding the weapon and the ways in which traditional Japanese martial arts were adapted for use in the films. Topics of discussion include the powerful effects of the master-apprentice relationship; the technical choreography used in the lightsaber scenes of the Star Wars films; and the historical precedents for the Jedi order, including the Sohei fighting monks of Japan, the Janissaries and Mamelukes of Islam, and the knights of the Templar, Hospitaller and Teutonic orders.

Cosmic Motors - Daniel Simon 2010-04

'Cosmic Motors' shows the design process of unique futuristic vehicles, from the first initial sketches to the stunningly detailed 3-D models and final photorealistic full spread renderings. Spaceships, pods, racing cars, giant trains, warships and balloons are shown from concept to completion.

Finding the Force of the Star Wars Franchise - Matthew Kapell 2006

Textbook

The Dharma of Star Wars - Matthew Bortolin 2015-11-10

Is Yoda a Zen Master? Is the story of Luke Skywalker a spiritual epic? The answers, as well as excitement, adventure, and a lot of fun, are here! This revised and expanded edition of *The Dharma of Star Wars* uses George Lucas' beloved modern saga and the wise words of the Buddha to illuminate each other in playful and unexpectedly rewarding ways. Matthew Bortolin writes an inspiring and totally new take on this timeless saga, from *A New Hope* through *Revenge of the Sith* and television's *Clone Wars*. Great fun for any Star Wars fan. Includes instruction in *The Jedi Art of Mindfulness and Concentration* and *The Padawan Handbook: Zen Contemplations for the Would-Be Jedi*.

Many Mahābhāratas - Nell Shapiro Hawley 2021-05-01

A major contribution to the study of South Asian literature, offering a landmark view of Mahābhārata studies. *Many Mahābhāratas* is an introduction to the spectacular and long-lived diversity of Mahābhārata literature in South Asia. This diversity begins with the Sanskrit Mahābhārata, an early epic poem that

narrates the events of a catastrophic fratricidal war. Along the way, it draws in nearly everything else in Hindu mythology, philosophy, and story literature. The magnitude of its scope and the relentless complexity of its worldview primed the Mahābhārata for uncountable tellings in South Asia and beyond. For two thousand years, the instinctive approach to the Mahābhārata has been not to consume it but to create it anew. The many Mahābhāratas of this book come from the first century to the twenty-first. They are composed in nine different languages—Apabhramsha, Bengali, English, Hindi, Kannada, Malayalam, Sanskrit, Tamil, and Telugu. Early chapters illuminate themes of retelling within the Sanskrit Mahābhārata itself, demonstrating that the story's propensity for regeneration emerges from within. The majority of the book, however, reaches far beyond the Sanskrit epic. Readers dive into classical dramas, premodern vernacular poems, regional performance traditions, commentaries, graphic novels, political essays, novels, and contemporary theater productions—all of them Mahābhāratas. Because of its historical and linguistic breadth, its commitment to primary sources, and its exploration of multiplicity and diversity as essential features of the Mahābhārata's long life in South Asia, *Many Mahābhāratas* constitutes a major contribution to the study of South Asian literature and offers a landmark view of the field of Mahābhārata studies. Nell Shapiro Hawley is Preceptor in Sanskrit at Harvard University. Sohini Sarah Pillai is a PhD candidate in South and Southeast Asian Studies at the University of California, Berkeley.

Krishna's Song - Steven Rosen 2007

Rosen offers Westerners an easy-to-read introduction to a sacred text, demystifying its considerable philosophy in a user-friendly way. This is not yet another translation, merely reiterating what the Gita itself has to say. It is rather an attempt to culturally translate the text, making use of concepts and categories to which Western readers are accustomed. By engaging familiar motifs—such as issues of modernity, pop-culture icons, and well-known philosophers in the West—the author brings the Gita into focus for non-specialists and scholars alike. Through a series of contemporary news references and insightful summaries, readers will finally understand the facts and personalities that make up the Bhagavad Gita. Using his many years of Gita-centered research, Rosen unlocks the mysteries of the text's spiritual underpinnings. He provides an overview of the Gita's narrative and teachings alongside documentation of its traditional application and more modern ways in which the text can be understood. Students and scholars alike will rejoice in how well this book lays bare the culture and the context of the Gita, resulting in a reader's deep familiarity with this most sacred of all the world's wisdom texts.

Star Wars Meets the Eras of Feminism - Valerie Estelle Frankel 2018-10-15

This book traces the changing representation of female characters in the Star Wars franchise through the lens of the four feminist waves, arguing that while the original trilogy reflects the second wave of feminism, the prequels mirror the girl power era that followed, and the sequels are helping define a new fourth wave of inclusion and diversity.

The Myth Awakens - Ken Derry 2018-09-13

The trailers for *Star Wars: The Force Awakens* made a strong impression on fans. Many were excited by what they saw as a return to the spirit of George Lucas's 1977 creation. Others—including several white supremacy groups—were upset and offended by key differences, most notably the shift away from a blond, blue-eyed, male protagonist. When the film was finally released, reactions similarly seemed to hinge on whether or not *The Force Awakens* renewed the “mythic” aspects of the original trilogy in ways that fans approved of. *The Myth Awakens* examines the religious implications of this phenomenon, considering the ways in which myth can function to reinforce “traditional” social and political values. In their analyses the authors of this book reflect on fan responses in relation to various elements of (and changes to) the Star Wars canon—including toys, video games, and novels, as well as several of the films. They do so using a variety of critical tools, drawing from studies of gender, race, psychology, politics, authority, music, ritual, and memory.

Dynamic Secularization - William Sims Bainbridge 2017-05-11

This book discusses secularization, arguing that it may be more complex and significant than is generally recognized. Using a number of online exploration methods, the author provides insights into how religion may be changing, and how information technology might be energized in this process. Working from the premise that the relationship between science and religion is complex, the author demonstrates that while

science has contradicted some specific religious beliefs, science itself may have been facilitated by beliefs formed many centuries ago. Science assists engineers in the development of powerful new technologies, and asserts that the universe is based on a set of fundamental principles that can be understood by humans through the assistance of mathematics. The challenging ideas discussed will benefit readers through sharing a variety of Internet-based research methods and cultural discoveries. The book provides a balance between quantitative methods, illustrated by 24 tables of statistics, and qualitative methods, illustrated by 30 screenshots of computer-generated virtual worlds. Analysis interweaves with description, creating a sense of involvement in the experience of exploring online realities at the same time as radical insights are shared.

The Essential Reader's Companion: Star Wars - Pablo Hidalgo 2012-10-02

THE DEFINITIVE WORD ON STAR WARS FICTION The legendary motion picture Star Wars has spawned two big-screen sequels and three prequels—and decades of bestselling fiction. From the original movie tie-in novel through the monumental Fate of the Jedi series, legions of devoted readers have helped expand science fiction's most celebrated film saga into a page-turning print sensation. Now, for the first time, a comprehensive overview of these sweeping Star Wars adventures is presented in one beautifully illustrated volume. Star Wars: The Essential Reader's Companion spans the entire galaxy of published Star Wars fiction—movie novelizations, original stand alone and series novels, short stories, eBook novellas, young adult titles, and comics—and features:

- a concise synopsis of each story, including key characters and planets
- exclusive behind-the-scenes facts and anecdotes about authors, plot and character development, continuity notes, and significance in the Star Wars Expanded Universe
- details on which novels are linked to Star Wars comic books from Dark Horse and Marvel
- a chronological listing of titles, spanning the 25,000-year history of the Star Wars universe and placing each story in its proper context
- more than one hundred original paintings throughout by some of fans' favorite artists

Whether skimming through fateful eras from the Old Republic to the New Jedi Order; delving deep into the ancient history of the Lost Tribe of the Sith or the tumultuous Clone Wars; crossing paths—and lightsabers—with Dark Lords such as Plagueis or Bane, Sidious or Vader; helming the Millennium Falcon with Han Solo; or mastering the Force with Luke Skywalker, this one-of-a-kind, one-stop reference is a must for fans looking to maximize their knowledge of the sprawling Star Wars Expanded Universe.

A Practical Approach to the Study of Form in Music - Peter Spencer 1994-07-01

Learning music's organizing principles . . . Approaching the study of form as an exercise in perceiving the interaction of a number of discrete musical events, Spencer and Temkos book embodies much more than a search for visual clues. Students of form develop perceptual tools that allow them to proceed from the aural experience to an understanding of the arch-principles upon which music is organized. The authors hold that the organizing principles of a given piece of music may be gleaned from studying the internal attributes that give a section its specific identity, the functional relations between sections, and the ordering of those sections.

Helvetets förgård - Lars Holger Holm 2010

Helvetets förgård av Lars Holger Holm är en hörligt uppfriskande, insiktsfull, modig och garanterat politiskt inkorrekt analys av socialstaten Sverige. Boken är en fröjd att läsa för alla manliga män. Hans betraktelse, utgående från en analys av Sveriges historiska bakgrund och landets nuvarande andliga, sociala och politiskt-ekonomiska förutsättningar, utmynnar i ett kompromisslöst ställningstagande för ett mansvänligare samhälle, där personligt ansvar och rättframhet är det viktigaste för hyckleri och statligt förmynderi. Helvetets förgård är ett samhällskritiskt debattinlägg av sällsynt kraft och lidighet. Läs den om du vill ge Lars Holger Holm rätt för författare, frilansskribent och violinist. Han har varit programledare för P2: s Klassisk förmiddag och publicerat sig i bl.a. Svenska Dagbladet, Moderna Tider och Samtidsmagasinet Salt. Bland rubrikerna: * Det socialdemokratiska enväldet * Järmlikhetsindustrin * Inkompetensspiralen * Det finns inga nya nazister * Mediaulven * Den oheliga alliansen mellan stat och media -- mellan staten och finansbranschen * Kulturförintelsen * Nödvändigheten av prostitution * Kastrerandet av den svenske mannen * Det svenska självmordet * Den helvetiska förgårdens grundpelare

Provinsen - Lars Holger Holm 2011

Efter att 1884 ha utgivit novellsamlingen "Giftas" talades August Strindberg för "osedlighet." Bakom talet l

g hans hustrus närmar sig sinna, en fin societetsdam... ven denna folklivsskildring - anakronistiskt avhandlande sederna i ett land som officiellt befriat sig från sdana - för tiden smak omoralisk. Därmed förklarar sig likväl författaren själv, för han har uppnått sitt mål, som är att kittla tentaklerna på en hycklande, kallblodig, blaserat rofylsten publik. I det sammanhanget är bokens egentliga litterära förtydning eller brister av underordnad betydelse. Den avgörande frågan är snarare: vill man se den argusgda hydrans inför sig själv medge att den sett sin egen nuna i narspegeln? Eller kommer den där blott se en udda skildring av en samling individer som hopplöst och elitistiskt marginaliserade att varken inlevelseförmåga eller teoretiskt grundad socialmedvetenhet? Mycket talar för det senare. Men för den som i all stillsamhet vill gräva ha sitt samvete i lag med sin samtid kan detta likväl vara "rhundradets" roman. Och om bara klagaren förstod vad som egentligen står där, skulle väl den undertecknade snart vara föremål för juridiska omsorger tillika hans tska angrepp i dagbladens spalter. Kanske vore dock även detta slags infama uppmärksamhet i själva verket en förd att stilla bedja om i den stora tystnadens och den kollektiva förflyktens rike, där även de oskyldigt dömda skrin sedan tidernas morgon röf rutbestämda att klinga ohörda. Provinsen är den dramatiserade tredje delen av den samhällssatiriska trilogi vars tidigare delar i kronologisk ordning utgås av bckerna Helvetets förgård och Tillsammans är vi svaga.

Drommen om Ultima Thule - Lars Holger Holm 2011

Även de kärva nordeuropeiska folken har haft sin beskärda del av drömmare: filosofer, utoper och dystoper har under skilda epoker funnit en plats i det nord- och centraleuropeiska kulturklimatet. I en serie djupsinniga, men likväl stilsäkert och lättillgängligt tecknade essäer, följer Lars-Holger Holm upp några av de viktigaste tanketrådarna i denna tradition. Med utgångspunkt från de konträra begreppen "utopi och verklighet" låter han oss, bland annat, stifta bekantskap med Nietzsches föreställning om ett framtida aristokratiskt samhällsstyre; Oswald Spenglers filosofiska profetia om västerlandets ned- och undergång; Carl Jonas Love Almqvists alkemistiska spekulationer; historien om hur Sankt Göran blev Stockholms skyddshelgon; samt med poeten Baudelaires beskrivning av det pandemonium som utbröt då Wagners Tannhäuser för första gången sattes upp i Paris. Boken avslutas med en glimt av den Emmanuel Swedenborg som, ansatt av onda andar, oförtrutet fortsätter att återge sin vision av himlen. Lars Holger Holm är författare, frilansskribent och violinist. Han har varit programledare för P2: s Klassisk förmiddag och publicerat sig i bl.a. Svenska Dagbladet, Moderna Tider och Samtidsmagasinet Salt.

Hinduism in America - Jeffery D. Long 2020-08-06

Read the story of two worlds that converge: one of Hindu immigrants to America who want to preserve their traditions and pass them on to their children in a new and foreign land, and one of American spiritual seekers who find that the traditions of India fulfil their most deeply held aspirations. Learn about the theoretical approaches to Hinduism in America, the question of orientalism and 'the invention of Hinduism'. Read about:

- how concepts like karma, rebirth, meditation and yoga have infiltrated and influenced the American consciousness
- Hindu temples in the United States and Canada
- how Hinduism has influenced vegetarianism
- the emergence of an increasingly assertive socially and politically active American Hinduism.

The book contains 30 images, chapter summaries, a glossary, study questions and suggestions for further reading.

Star Wars the High Republic: the Battle for Starlight - George Mann 2022-02

Two hundred years before the events of Star Wars: The Phantom Menace, in the era of the glorious High Republic, the Jedi are the guardians of peace and justice in the galaxy! Another exciting storybook adventure featuring heroic Jedi and their Padawans as they fight the nefarious villains the Nihil! Includes full-color stickers! The New York Times best-selling series continues....

Saga - Jonathan Young 1999-07

SAGA is an annual anthology of the most innovative articles published in the area of myth and ritual studies by the most outstanding thinkers in the field. This is the compelling sequel to the popular first volume in this series of best new writings on mythology. The only regularly appearing anthology in the field of myth and ritual studies, Volume 2 of SAGA brings together new writings on myth and ritual from leading authors such as Carlos Castaneda, Thomas Moore, Sam Keen, James Hillman, James Redfield and others, exploring the connections between psychology, myth, religion, ritual and storytelling. SAGA appeals to readers of popular psychology and spirituality and is closely related to the work of Joseph Campbell, Clarissa Pinkola

Estes, Thomas Moore, Marion Woodman and James Hillman, and will be well received by readers of Robert Bly, James Redfield and Neale Donald Walsch.

Star Wars Origami - 2012-08-07

Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® *Scanimation*® and Star Wars® *Fandex*®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website *StarWarsOrigami.com*, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers *The Strange Case of Origami Yoda*

and *Darth Paper Strikes Back*, and is scheduled to be published at the same time as Angleberger's upcoming book, *The Secret of the Fortune Wookiee*.

The Star Wars Heresies - Paul F. McDonald 2013-09-03

Despite the insatiable public appetite for all things Star Wars, the more analytical side of the saga is all too often ignored. This book offers a new way of seeing George Lucas' space opera--particularly the prequel trilogy, a series never given a fair chance because of constant comparisons to the iconic originals. In the classic style of Joseph Campbell, the trilogy is viewed through the lens of myth and metaphor, revealing a body of work not only worthy of scholarly study but perhaps destined to find therein its home. A wide variety of philosophical and mythological themes are presented and expounded upon, drawing from a rich source of scholars, thinkers, writers, and poets from East and West alike. Heretical or not, the Star Wars prequels are a surprisingly rich source of insight into the saga--as well as the human drama--as a whole.

Krishna's Other Song - Steven Rosen 2010

Students of religion and Eastern thought will welcome this readable translation and practical commentary on the Uddhava Gita, a Hindu text in which Krishna's teachings introduced in the Bhagavad Gita are extended and nuanced.
